Help Cover Health Costs. Worry Less.

Specified Disease Insurance

The price of healthcare goes up every year – rising **deductibles leave you with more to pay** if you face a serious illness or health event. If your HSA or savings can't keep up, you could be left with expensive payments, medical debt, or even bankruptcy.

There's a better way. Specified disease insurance can help alleviate financial worries by paying a cash benefit when you're diagnosed with a covered illness or condition. It's paid directly to you, with no limits on how you spend the money.

41% of Americans have medical debt.[1]

Money to Use Where You Need It Most

- Deductibles and copays
- Prescriptions and medical treatments
- Providers or treatments not covered by your health plan
- Mortgage and childcare
- Replacing lost income
- Travel for care

How it Works

1 **Buy a specified disease policy**
Choose a benefit amount that meets your needs.

2 **Submit a claim**
You're protected if you're diagnosed with a covered illness or condition.

3 **Get paid**
Assurity pays a lump-sum cash benefit directly to you.
