

## Protect your future income

Could you keep up with your bills if an illness or injury kept you from working for a few months? For many Americans, the answer is no.

That's why **disability insurance**—also known as **income protection**—is so important.

### What is Disability Insurance?

It's insurance for your paycheck – your most important asset. Disability insurance helps replace lost income should an illness or injury prevent you from working, so you can keep your finances on track.

**25%** 

of 20-year-olds **will become disabled** before retirement.<sup>1</sup>
