# Phone Script 1: Protect the Income You Depend On

---

## **Intro:**

Hello [Prospect's Name], I'm [Your Name] with [Your Company Name].

Most people insure their home and car — but not their paycheck. Disability income insurance helps replace part of your income if illness or injury keeps you from working.

Can we take a few minutes to talk about how it could fit into your plan?

## **Objection 1: “It’s too expensive.”**

Actually, it’s often just a few dollars a day — far less than most people expect — and it could replace thousands each month if you can’t work.

## **Objection 2: “I already have coverage through work.”**

That’s great! Let’s check your benefits — many employer plans only cover part of your salary and may not travel with you if you change jobs.

## **Objection 3: “I’m healthy.”**

That’s the best time to apply — lower rates, more options, and coverage that stays with you even if your health changes.

# Phone Script 2: Safeguard Your Business and Lifestyle

---

**Intro:**

Hello [Prospect's Name], I'm [Your Name] with [Your Company Name].

As a small business owner, your income keeps everything running. Disability insurance helps protect that income if an illness or injury keeps you out of work - so your business and family can stay on track.

**Objection 1: "It's not in the budget."**

Totally understandable – but think of it as paycheck protection. For about a few dollars a day, you can protect your livelihood for years.

**Objection 2: "Sounds complicated."**

It's not – Assurity's online process makes it simple and fast, with coverage designed for small business owners like you.

**Objection 3: "I have savings for that."**

Savings are great, but even a few months without income can drain them. Disability insurance helps preserve those savings.

# Phone Script 3: Protect Your Future Plans

---

**Intro:**

Hello [Prospect's Name], I'm [Your Name] with [Your Company Name].

Have you thought about what would happen to your financial goals if you couldn't work for a few months or longer? Disability income insurance helps protect your income – so your plans stay on track, even if life takes a turn.

**Objection 1: “I don't think I'll need it.”**

No one plans on being sick or injured – but one in four working adults will experience a disability before retirement, according to the Social Security Administration. Planning now means security later.

**Objection 2: “I'm too young.”**

That's actually the best time to get coverage – lower cost, easier approval, and protection for your entire career.

**Objection 3: “It's a hassle.”**

Not anymore – Assurity's process is fully digital and takes just a few minutes.

# Phone Script 4: Fast, Simple, Digital Protection

---

## **Intro:**

Hello [Prospect's Name], I'm [Your Name] with [Your Company Name].

Protecting your income is easier than ever. With Assurity's digital tools and fast underwriting, you may secure long-term income protection in just a few steps – no hassle, no lengthy process.

## **Objection 1: "I don't have time."**

Good news – you can complete most of the process online in minutes.

## **Objection 2: "I'm not sure I qualify."**

Assurity offers flexible options for many occupations and income levels. Let's take a quick look at what might work for you.

## **Objection 3: "I'll think about it."**

Of course – but it's worth exploring now while you're healthy and rates are lowest. Let's schedule a quick call to see your options.
